U.S. OPERATING COMPANY OF HAILIANG

JMF Brass Threaded Fittings & Nipples

JMF Brass Threaded Fittings and Nipples are preferred by plumbing professionals who demand the highest quality, appearance, fill rates and largest selection. Our Brass Fittings and Nipples are carefully produced and threaded to industry specifications to provide a secure and trusted fit. While primarily developed for carrying water in commercial plumbing and OEM applications, they are also used in oil, gas and steam applications. Durable and highly resistant to rust and corrosion, every brass fitting and nipple is 100% inspected and quality tested. Visit our pricing page at www.jmfcompany.com to view detailed product information on JMF brass threaded fittings and nipples.

MATERIALS

- Cast fittings are made from Copper Alloy C89833 which consists of 86%-91% copper, 0.09% lead, 6% tin, and 6% zinc per ASTM specification B62.
- Brass nipples are seamless red brass pipe (Copper Alloy 230)

FEATURED ITEMS

- Elbows
- Plugs
- Unions
- Bushings
- Couplings
- Bends
- Tees
- Adapters

SYMBOLS

FIP: Female Iron Pipe Thread

MIP: Male Iron Pipe Thread
